

24-Hour Construction Site Water Pollution Control Training

for Contractors

ATTENTION: Contractor SWPPP Preparers & Water Pollution Control Managers!

Caltrans Requirement

24 HOURS OF FORMAL STORM WATER
MANAGEMENT TRAINING FOR SWPPP
PREPARERS AND WPCMs

The VC&A class will satisfy this requirement

Vali Cooper & Associates, Inc. (VC&A) trainers have first hand experience with the Caltrans SWPP Program, including field compliance inspections, Caltrans RE and inspector training, and reviewing SWPPPs. We understand what Caltrans requires of contractors. Our trainers **understand the needs of contractors** and will give you valuable insight to develop and maintain cost effective, practical SWPP plans.

24-Hour Course Topics

- Regulatory Background
- Erosion and Sediment Control Principles
- Proper Implementation of BMPs for all six categories
- Caltrans Standard Specifications and Special Provisions that govern SWPP
- How to prepare a SWPPP
- Sampling and Analysis Plan requirements
- Dewatering requirements
- Class exercises on using the Caltrans Manuals and creating a SWPPP for a typical construction project

We offer flexible training to meet your needs: 2-day, 3-day, weekends.

At each 2 or 3-day training session in northern or southern California, students are provided with...

Construction Site BMPs Manual

Latest Caltrans SWPPP/WPCP Preparation Manual

...and certificates of training for those who attend and complete the 24-hour training.
